Education & Licences

Master's Programme in Collaborative and Industrial Design.
Aalto University, Finland. GPA4.9
2024-2026

Bachelor's Programme in Design.
Aalto University, Finland. GPA4.4
2021-2024

Private Pilots Licence PPL-A (PUT)
CAA, PTT Aviation, England.
2020

Patents

"A Sustainable Silicone Cartridge (Ibrido)" - EU2025(Pending)

Design Tools

Solidworks, Rhinoceros, Autodesk Inventor, Cura, PrusaSlicer, BambuStudio, Keyshot.

Figma, InDesign, Photoshop, Illustrator, Premiere Pro.

Framer, Miro, Microsoft Suite, Antigravity.

Skills

Design Thinking
Late Stage & Strategic Design
EU Regulatory Design Approach
Fast Learning
Facilitation & Communication

Languages

English (Native)
Finnish (A2-B1)
Swedish (A2)
German (A2)

EXPERIENCE

Industrial Designer

Torggler S.r.l - 01/2026 - Present (Full Time)

Developing sustainable, mass-producible packaging systems for chemical products, focusing on late-stage design, regulatory implementation, and scalable production solutions at Torggler S.r.l.

Design Development Team Lead, Intern

Torggler S.r.l - 09/2024 - 05/2025

Project design development team lead for Torggler. I oversaw and guided two innovative multidisciplinary teams of 5 who were developing next generation environmentally friendly packaging for silicone sealants.

Marketer

Aalto University - 08/2022 - Present

I am marketing Aalto University around the world, engaging prospective and current students through strategic communication, presentations, webinars, and high-impact social media content. I also co-founded the university's first student-led podcast, Squadcast.

Teaching Assistant

Aalto University - 08/2025 - 12/2025

Teaching Assistant for the "Introduction to Research in Design and Media", for students in the Bachelor of Design starting (for most) their first Thesis. I held teaching sessions, pedagogical training, weekly office hours and tutoring/consultation.

DESIGN PROJECTS

Late Stage Designer for Regulations

Torggler S.r.l - 08/2025 - Present

Coupled with my main Industrial Designer role, I am also producing a thesis for Torggler S.r.l discussing the designers role in late stage ecodesign. With a focus on DfMAD with upcoming European Union regulations: PPWR, ESPR and REACH.

Industrial and Secure Designer

Kaupunkiliikenne Oy (Helsinki Public Transport Authority) - 01/2024 - 06/2024

I conducted my bachelor thesis with Kaupunkiliikenne Oy, investigating how industrial design can aid with preventing petty crimes in the Helsinki Metro system. With many improvements implemented. Grade 5/5. The thesis can be viewed [here](#).

Strategic Designer

Posti Palvelut Oy - 08/2022 - 11/2022

Redeveloping the User Experience on the OmaPosti application through collaborative consultation and design facilitation with key stakeholders from around Finland.
